Mining | Irrigation | Civil

polyconengineering.com.au

Polycon Engineering is located in Rochester, Victoria at the heart of the Goulburn – Murray Irrigation district, specialising in the manufacturing and sale of polyethylene (PE) pipe fittings for both water and irrigation supply systems.

Polycon provide PE stub flanges, fabricated bends, tees, crosses, and reducing tees, suitable for both Butt Fusion and Electrofusion welding, for sizes 50mm to 1200mm. In addition, we have a complete range of injection moulded bends, tees, end caps and fittings to suit a wide range of applications.

Polycon Engineering offer an extensive range of backing rings and blind plates in various standards including AS4087 & AS2129 with sizes ranging up to 1200mm, as well as China Pump Backing Rings up to 315mm. We also offer a comprehensive range of quality Electrofusion fittings including; couplers, bends, end caps, elbows, tees, and saddles in all sizes up to 1400mm.

With over 50 years' experience with PE pipe systems in the design, construction and supply of both irrigation and civil systems the team at **Polycon Engineering** guarantee the high quality of our product and ensure that our clients are provided with the best service available.

Please do not hesitate to contact us to discuss how Polycon Engineering can help you with your project.

**WE AT POLYCON ARE
COMMITTED TO GOING THE EXTRA MILE**
